Saving for your child's future education is extremely important, which is why having a savings account is a great start

You can also enjoy many other benefits when you decide to save for your child's future with a financial institution. For instance, with Simpan SSPN, a savings scheme created by PTPTN (Perbadanan Tabung Pendidikan Tinggi Nasional), you, as the depositor, will be able to enjoy competitive dividends and tax relief up to RM8,000 per year. This is awesome news if you're looking to grow your child or beneficiary's future savings.

Having a Simpan SSPN account means that your child's savings are also guaranteed by the

government, and the depositors will also get takaful coverage on top of other benefits. It also makes it easier for your children's PTPTN loan application process as applicants need to have a Simpan SSPN account.

The best thing about Simpan SSPN is that they hold campaigns and draws for Simpan SSPN account holders, so you'll never know what's in store for you! Pretty awesome, right?
